Dear _____:

It is with great pleasure to offer you a formal business partnership. I believe that our businesses are a good fit because we have goods to offer each other and we share the same vision and goals.

Our trial run last [Date] had been a huge success and I am eager to continue this business relationship. This partnership is sure to help both companies financially and will surely place our names in our respective industries. As previously discussed, a partnership would necessitate us to change the business name. We need to sit down and agree on this and some of the legal terms.

Enclosed in this letter are the legal documents pertaining to this partnership offer. I have also attached the contact information of my lawyer if you request a meeting regarding the partnership.

Sincerely,
